

San Carlos U.K International Soccer Coaches Profiles

Guy Sadler (sadsontour@msn.com)

I am from Newcastle-Upon-Tyne in the north of England, and have recently graduated from University where I studied Sports Coaching Science. Along with my degree, I also attained qualifications from the English F.A. at both Level 1 and 2. As well as working in the United States last year for 5 months, I have coached a boys U-16 team for the past 3 years, experiencing success in the form of league and cup wins, and helping nurture several players to improve their game to the standard that led to them being approached and signed by professional teams, such as Newcastle United F.C, Sunderland A.F.C., Watford F.C, and Bolton F.C.. I hope to have a similar effect on the youth of San Carlos!
